COMPETENCY BASED
MEDICAL EDUCATION

Issue # 2 January 2017

Next: What is CBD, Triple C

What is Competency Based Medical Education (CBME)?

- Focuses on outcomes.
- The curriculum is organized around outcomes expected of a resident.
- A resident's advancement is dependent on having achieved those expected outcomes.
- De-emphasizes time-based training.
- Promises greater accountability, flexibility and learner-centredness

Two specialties will launch CBME in July 2017:

The first year cohorts for Anesthesiology and Otolaryngology
