

MAC-CBME
COMPETENCY BASED
MEDICAL EDUCATION

Issue # 4 March 2017

Next: Milestones and EPAs

What is Triple C?

Triple C is the Competency Based Curriculum for Family Medicine Training:

There are 3 components of Triple C:

- Comprehensive care and education.
- Continuity of care and education.
- Centred in Family Medicine.

The goal of Triple C is to ensure that FM residency graduates are:

- Competent to provide comprehensive care in any Canadian community.
- Prepared for the evolving needs of society.
- Taught based upon the best available evidence on patient care and medical education.

Triple C uses a competency based approach to guide curriculum development, teaching and learning strategies, and assessment
